SUPREME QUICK VAC STACKABLE TANK

Specifications:

- Width: 19.25"
- Height: 6"
- Depth: 23.25"
- Net Weight: 30 lbs
- Shipping Weight: 51 lbs

Features:

- Large 6-gallon compressor tank
- Hand shut off valve

Increase the speed of your vacuum pan with an additional 6-gallon flat tank. Your vacuum pump will quickly draw the air from the tank. Open the manual hand valve and get immediate draw from your vacuum pan. Unique stackable design allows you to stack your Supreme Vacuum press on top of tank to save on space. Works with Supreme single, double and flat vacuum press's as well as most other brands.

Supreme Quick Vac Stackable Tank shown with Supreme Dual Flat Vacuum Press and Gast Vacuum Pump

EXTRA DEPTH VACUUM PRESS

Specifications:

- Width: 17" inside
- Height: 3" inside
- Length: 18" inside
- Net Weight: 42 lbs
- Shipping Weight: 51 lbs

Features:

- All the same features as our Supreme Dual Vacuum Press
- Additional 8" x 8" x 3" deep covered cavity

Our Supreme Extra Depth Vacuum Press gives a new dimension to vacuum forming. By removing a cover plate, you gain access to an additional 3" cavity. Perfect for forming AFOs, custom or trial shoes, as well as orthotics.

GAST ROTARY VANE PUMP

Specifications:

- 115 volts motor
- Shipping weight: 39 lbs

Features:

- This deluxe model is capable of handling multiple vacuum pans
- Air cleaner included to filter out dust and harmful particles that can damage pump
- Exhaust silencer to assure smooth, quiet operation
- Vacuum pressure gauge
- One way check valve

Included on all Gast Vacuum pumps. One way valve allows you to turn off pump without losing suction.

This deluxe model pump can operate more than one vacuum press.
